MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Hospitality is about serving the guests to provide them with “feel good effect”. In India, the guest is treated with utmost warmth and respect and is provided the best services. India is an ideal destination for tourists. Approximately 4.4 million tourists visit India every year. The Indian hospitality industry has emerged as one of the key industries driving growth of the services sector in India. It has evolved into an industry that is sensitive to the needs and desires of people. The fortunes of the hospitality industry have always been linked to the prospects of the tourism industry and tourism is the foremost demand driver of the industry. The Indian hospitality industry has recorded healthy growth fueled by robust inflow of foreign tourists as well as increased tourist movement within the country and it has become one of the leading players in the global industry.

INDUSTRY STRUTURE AND DEVELOPMENT

The Hotel Industry in India had been witnessing a boom for the last few years, thanks to the thriving economy and increased commercial and political importance of the Country. The various steps taken by the Government to give a boost to the Tourism industry and the opening of aviation industry have given added fillip to the Hotel Industry. One unique feature of this development is the appreciable increase in the number of domestic travelers driven by rising middle class with increased disposable incomes.

The share of India in International tourist arrivals is progressively increasing. Domestic Tourism too is growing. The number of Domestic tourists in India is rising.

OPPORTUNITIES & STRENGTHS

The Indian hospitality industry has recorded healthy growth in recent years owing to a number of factors:

- Increased tourist movement
- Economic growth
- Changing consumer dynamics and ease of finance

RISK AND CONCERNS

Hotel business in general is sensitive to fluctuations in the economy. The hotel sector may be unfavorably affected by changes in global and domestic economies, changes in local market conditions, excess hotel room supply, reduced international or local demand for hotel rooms and associated services, competition in the industry, government policies and regulations, fluctuations in interest rates and foreign exchange rates and other natural and social factors. Since demand of hotel is affected by world economic growth, a global recession could lead to down turn in hotel industry.

The major weakness for the industry is Lack of good infrastructure such as good roads, continuous power supply, comfortable modes of transport, etc. The Government is taking steps to remove these weaknesses. The development of various sectors of the economy and the increase in the number of both domestic and international tourists offer tremendous opportunities for the Hotel Industry. India has got enormous potential to be tapped.

Increase in terrorist activities, which could have an impact on the international tourist inflow and increasing cost of travel, which could have an impact on the domestic tourist traffic, are among the major threats. The economy is under inflationary pressures with steep increase in the prices of food and oil, which has resulted in rise in the operational costs; this trend will also have a negative impact on the travel prospects of the tourists, and this poses a threat to the otherwise favourable trends.

The hotel industry needs quality employees and with demand for the same improving across the industry, the Company feels that wage inflation would be a critical factor in determining costs for the company. Thus, your company will continue to focus on improving manpower efficiencies and creating a lean organization, while maximizing effectiveness in terms of customer service and satisfaction, which is an area of great importance for your company.

MEASURES UNDERTAKEN BY THE GOVERNMENT

The strong point for the development of the Hotel Industry as a whole is the support being extended by both Central and State Governments. Another strong point has been the increase in the share of India in international tourism and hospitality sector, and this is expected to continue for quite some time.

As tourism has become the largest service industry in India, with a contribution of 9 per cent to the national GDP and 8.78 per cent of the total employment in India, its importance has been fully recognized by the Government which is extending all possible support for its development. The term tourism related industry includes:

- Travel agencies, tour operating agencies and tourist transport operating agencies
- Units providing facilities for cultural, adventure and wildlife experience to tourists
- Surface, air and water transport facilities for tourists
- Convention/seminar units and organizations

“Annexure B” to the Independent Auditor’s Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Howard Hotels Limited** (“the Company”) as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with

generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of the Financial Statements

1. SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared in accordance with applicable accounting standards issued by the Institute of Chartered Accountants of India and the relevant requirements of the Companies Act, 2013. Significant accounting policies applied in preparing and presenting these financial Statements are set out below:

a) **Basis of Accounting**

The financial statements are prepared on a going concern basis under the historical cost convention on the accrual basis of accounting, in accordance with the Indian Generally Accepted Accounting Principles (GAAP) and comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014, to the extent applicable, as adopted consistently by the Company.

b) **Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities as at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. Adjustments as a result of differences between actual results and estimates are recognized prospectively.

c) **Revenue Recognition**

- i) Sale of foods, rooms and other items are accounted for on accrual basis.
- ii) Other Incomes are accrued as earned except where the receipts of income are uncertain.

d) **Fixed assets and related depreciation**

All fixed assets (including intangible assets) are stated at historical cost less any accumulated depreciation/ amortisation. Cost includes original cost of acquisition including incidental expenses related to such acquisition

Depreciation on fixed assets other than intangible assets is provided on straight-line basis over the estimated useful life of each asset as determined by the management. Pursuant to this policy, depreciation is provided at the following rates which are in line with the corresponding rates prescribed in Schedule II of the Companies Act, 2013:

Assets Category	Useful life of Asset
Office Premises	60 years (1.67%)
Computers	3 years (33.33%)
Software	6 years (16.67%)
Office equipment	5 years (20%)
Office equipment	10 years (10%)
Plant & Machinery	15 years (6.67%)
Vehicles	8 years (12.5%)

The appropriateness of depreciation/ amortisation is reviewed by the management in each financial year.

Losses arising from retirement or gains or losses arising from disposal of fixed assets which are carried at cost are recognised in the Statement of Profit and Loss.

e) **Inventories**

- i) Raw Material : At lower of cost and net Realisable Value.
Consumable and components. : At estimated value.
Scrap and slow moving unserviceable stock : At net realisable value.
- ii) Costs of inventories are ascertained on the first in first out basis.

f) **Employee Benefits**

- i) Contribution to provident fund & other funds are accounted for on accrual basis.
 ii) The liability of the company for gratuity, a defined retirement benefit plan, is determined by actuarial valuation carried out by an independent actuary.

g) **Impairment**

Fixed Assets are tested for impairment if there is any indication of their possible impairment. An impairment loss is recognized where the carrying amount of a fixed assets (or cash generating unit) exceeds its recoverable amount, i.e. higher of value in use and net selling price. Impairment loss recognized in one period can get reversed fully or partly in a subsequent year.

h) **Foreign Exchange Transactions**

Transactions in foreign currency are recorded at the exchange rates prevailing at the dates of the transactions. Gain/Loss arising out of fluctuations in the exchange rates are recognized in the period in which they arise.

i) **Income Tax**

Current Tax: Provision for Income Tax is made in accordance with the provision of Income Tax Act, 1961.

Deferred Tax : Deferred Tax is recognized on timing difference between taxable and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. The deferred tax asset is recognized and carried forward only to the extent there is reasonable certainty of its realization

j) **Capital Work-in-Progress**

Costs of assets not ready for use before the year-end and expenditure during the construction period that is directly or indirectly related to construction, including borrowing costs are included under Capital Work-in-Progress.
